

Errata

Correction to “A Method for Detecting Boundary Edges Based on a Local Image-Feature Integration Method”

Hisashi Shimodaira

Please note the following corrections to the above-named article which appeared in “Information and Communications studies, Vol.44, 2011.1.”

Fig. 8 in the above-named article is not correct. The correct one is as follows.

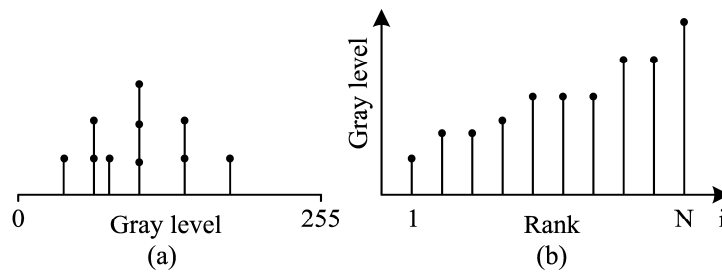

Fig. 8. Histogram and vector: (a) the histogram of the gray levels of one of the subwindows, and (b) the vector of the rank-ordered gray levels of one of the subwindows plotted against the rank i ($i = 1, \dots, N$).
